PROUDLY PRESENTS THE URBANIA.

The Urbania revolutionizes the rotationally moulded spa. Inspired by the latest trends and new economic values, the Urbania boasts an avant-garde design and all the value added features that today's consumers demand in a spa; cascading waterfalls, LED lighting, and much, much more.

The Urbania's seating features two body conforming captain's chairs, a cool down seat and a multi-levelled bench seat. Varying seat depth enables full body immersion.

READY TO USE, JUST 3 EASY STEPS !

- 1 Put in place
- 2 Fill with water
- 3 Plug in (110V)

URBANIA... FOR TIME WELL SPENT!

THE URBANIA OFFERS SOMETHING FOR EVERYONE.

The Premium 110-16 is a convertible "Plug & Play" model. It can simply be plugged into a dedicated 15amp wall outlet, or it can be converted to 220 volt for better heating efficiency in cold weather. It has a 2hp pump for gentle and soothing massage therapy.

The Premium 220-16 is identical to the Premium 110-16 except it is 220 volt, only, and has an upgraded 4hp pump to provide more jet intensity for those aches and pains that require extra attention.

Built to withstand the coldest winters and hottest summers, the Urbania is a four season spa. You can look forward to hydrotherapy and enjoyment all year long.

BUILT TO LAST A LIFETIME

- Polyethylene, one piece construction
- Virtually indestructible
- Virtually no cracking or chipping
- Easiest surface care

PORTABILITY

- Light weight
- Easy lift hand recesses
- Fits through most doorways
- Rides in a standard pickup truck bed

NO HASSLE INSTALLATION

- No special site preparation required (no wood or concrete decks)
- Will sit on any solid level surface
- 110 volt "Plug & Play" (no electrician required)
- 220 volt compatible
